A SCHOOL FOR FEEBLE MINDED

Senate Favors Such an Institution.

Passes Bill Appropriating \$60,000 For Buildings and Annual Appropriation of \$30,000 For Maintenance—Graded Schools Not Included In Bill For State Text Book Commission—Ordered Sent to the House.

Raleigh, Feb. 25.—The bill to establish a school for the feeble-minded was taken up for third reading and Senator Barnes moved to postpone until Monday, stating that he was not opposed to such an institution, but thought some way ought to be provided for it to be operated in conjunction with one of the insane asylums. Senators Hicks, Hart, Sell, Ivie, Martin, of Washington, Bassett and Cartwright favored action on the bill, which calls for a bond issue of \$60,000 and an annual appropriation of \$30,000 for maintenance. All agreed that this was one of the most meritorious bills before the General Assembly at this session, but Senator Brown said he hoped the institution could be consolidated with the asylum at Raleigh. Senator Cartwright stated that this institution would have a different class of persons to care for and that it would be impractical to consolidate it with the asylum. Senator Barnes' motion to postpone failed and the bill then passed second and third readings and was ordered sent to the House.

The committee on revision reported favorably Senator Barham's bill relative to state text book commission, with an amendment striking out the provision to place under the text book commission the graded schools and special school districts which are operating under special charters. The bill adds seven educators to the text book commission to have equal right of vote in the adoption of text books. At Senator Hartwell's request Senator Bassett explained the bill by sections and it passed second and third readings and it came from the committee and was ordered engrossed and sent to the House.

The Senate passed and sent to the House the bills incorporating the Greensboro, Roxboro and Norfolk Railroad and the Raleigh, Winston and Western Railway.

The House.

Speaker Dowd convened the House at 9 o'clock. Prayer by Rev. Livingston Johnson.

Among the favorable reports from committees were: Provide for agriculture and domestic science departments in the Guilford high schools; provide for the construction and maintenance of a highway across the state to be known as Central Highway Beaufort to Asheville and beyond; allow county commissioners to make appropriations for road demonstration work; amend the law relating to advertising legal sales of real property.

New Bills.

Dillard, of Guilford: Allow commissioners of Guilford to pay for certain service.

Pace: Amend the law as to the compensation of the state department employees.

Kenedy: Regulate the sale of revolvers and keep registry of the same.

Cove, of Randolph: Enlarge the boundaries of Oak Shade school district, Guilford county, so as to include a portion of Randolph county.

Doughton: Provide for the support of the Tuberculosis Sanatorium at Montrose, Hoke county.

The bill giving counties the right to call on the state to endorse its good road bonds and issue not over \$200,000 for any one county, paying the state 2 per cent, was discussed at length and finally passed on second reading rollcall, many members voting aye with the understanding that they can consistently vote no on the final reading after further investigation. A feature of opposition was that the bonds endorsed by the state would be exempt from taxes and the municipal bonds generally are not. The roll call vote was 63 to 21 for the bill which took its place on the third reading calendar.

The Senate and House convened in joint session at 1 o'clock for the election of the trustees of the University of North Carolina which resulted as follows:

For the term expiring Nov. 30, 1919, David P. Stern, Guilford; J. O. Atkin-

son, Alamance; V. S. Bryant, Durham; Chas. Lee Smith, Wake; Walter Murphy, Salisbury; J. O. Carr, Wilmington; M. J. Hawkins, Warren; J. W. Graham, Orange; S. S. Mann, Hyde; W. B. THE WINSTON FIRE

Damage Estimated At About Seventy-Five Thousand Dollars.

Winston, Feb. 25.—Several thousand people today visited the scene of the fire at the old Farmers' Warehouse building, fronting on Trade and Liberty streets, which resulted last night in the death of Mr. Joe Whitlow, a fireman, and caused a large property loss. The fire burned all day and is still smouldering.

A conservative estimate of the loss caused by the fire including everything is now placed at something like \$75,000. It is estimated that the stocks of goods covered by insurance in the Farmers' Warehouse building destroyed by fire were worth about \$35,000 with insurance of about \$30,000. The loss on stocks not covered by insurance in the warehouse building is estimated at \$5,000, with a loss of \$25,000 on the building with \$16,000 insurance. This makes a total loss on the warehouse and stocks in the building of \$65,000 with \$46,000 insurance. No accurate estimate of the losses in the adjoining stores where the goods were damaged by fire can be secured until they are thoroughly examined, although there is little doubt but that they will aggregate \$10,000.

Mr. Whitlow's funeral will be held from the late residence tomorrow afternoon.

Law Office On Fire.

When Mr. Clifford Frazier entered his law office, Mendenhall building, yesterday morning the smoke was almost stifling and so dense that he could not see. However, after the door had been opened a minute Mr. Frazier saw that the floor was on fire and he lost no time in extinguishing the blaze. It seems that the janitor had filled the stove with coal and left and a live coal popped out on the floor. Had the fire gotten a little headway it might have done considerable damage.

GREENSBORO WILL LEND ASSISTANCE

President R. C. Hood, of the Chamber of Commerce, has appointed Messrs. C. D. Benbow, A. L. Brooks and E. J. Justice a committee to appear before the legislative committee in Raleigh tomorrow in behalf of the Wilmington resolution requesting the legislature to authorize the corporation, commission to investigate the legality of the sale of the Atlantic and Yadkin railroad to the Southern and Atlantic Coast Line and directing the attorney general to institute proceedings to have the sale annulled if he thinks the suit can be sustained. Greensboro is greatly interested in this proceeding for if the sale was declared void it would mean that Greensboro would have an independent railroad, connecting with three of the more important roads of this section.

DELIGHTFUL TIME IS ANTICIPATED

Thirty Or More Greensboro Club Women Will Be Guests of Charlotte Woman's Club on Thursday—Others Who Can Go Urged to Do So.

Members of the Woman's Club of Greensboro are anticipating the most delightful time in local club history next Thursday, March 2, when they go to Charlotte in response to an invitation from the Woman's club of that city, and where, it goes without saying, they will be royally entertained.

The party will leave Greensboro at 7:30 a. m.; reach Charlotte about 10; go at once to the home of Mrs. Reilly, president State Federation, who will entertain the visiting clubs during the forenoon. After luncheon at the homes of the Charlotte members, they will meet again in the afternoon at a reception at the home of Mrs. Hook, president of the Charlotte club, which will be over in time to catch the 6 o'clock train returning to Greensboro. While the day will necessarily be a strenuous one, the up-to-date club woman is accustomed to such pleasurable activities, there being in the lexicon of clubdom no such word as tire. The railroad rate for the round trip will be \$3.80, and the railroad company has promised to see to it that accommodations are first class.

From present indications there will be about thirty in the Greensboro party, while High Point has promised to send forty. The Greensboro club, with a membership of one hundred and fifty, ought to be better represented, numerically, and it is hoped that others will decide at the last moment that they can't afford to miss such a delightful outing as has been planned for them, and give their names to the secretary as late as Wednesday.

In order to distinguish visitors from the two clubs, members of the Greensboro club are requested to wear the club colors—purple and white. Every lady who intends going is also requested to send her visiting card to Mrs. G. W. Whitsett not later than the noon mail Tuesday. This is important, and should not be forgotten.

MEETING FOR MEN.

Service At Christian Church This Afternoon—Other Services Today—Four Conversions Last Night.

The revival at the Christian church continues with much interest. Three services will be held today, at 11 a. m., 3 p. m. and 7:30 p. m.

At last night's service there were four conversions. The pastor preached a strong sermon on "Bringing Men to Christ." Features of the evening were the duet by Mr. and Mrs. Butler just before the sermon and a solo by Mr. Butler at the close of the service. All who have heard Mr. Butler have been charmed with his singing, and Mrs. Butler is sharing honors with her husband.

This afternoon at three o'clock a meeting for men only will be held. This service will be conducted by Mr. Charles Butler, the great revivalist singer who is here assisting in the meeting, and the pastor, Rev. L. E. Smith. All men of the city are invited to attend the service. The Greensboro male chorus will also assist with the music. It is expected that there will be a large attendance at this meeting.

The fact that Mr. Butler will have charge of the music and sing one or more solos ought alone to draw a large crowd. Many people will recall the great Torrey meeting in Winston-Salem a year or two ago, when Mr. Butler had charge of the music. Those who attended said that to Butler's singing as much as Torrey's preaching was due the great success of that meeting. Alexander said of Butler, "The man with the orange blossom in his voice."

Came Near Being Injured By Street Car.

Yesterday a little child ran across the street car track on Tate street in front of a moving car and narrowly escaped being run down. The mother of the child is authority for the statement that the child is not allowed to run about the street, as has been reported, but that on the contrary she has been very careful with him to prevent his getting in the way of street cars. She feels that the report was unjust to her and takes this method of correcting it.

The Ladies' Aid Society of the First Baptist church will meet Monday afternoon at 3:30 o'clock in the ladies parlour. All members are urged to be present as very important business is to come before the society.

FACTS ABOUT THE Y. W. C. A.

Some of The Work Being Done.

This Organization a Potent Factor In the Work of Making Greensboro a Better City—Stands For Physical, Intellectual, Social and Spiritual Development of Young Women—How It Is Meeting Needs of Young Women.

Among the civic movements which are making Greensboro one of the most inhabitable cities in North Carolina, one which is becoming an increasingly vital factor is the Young Women's Christian Association. A leading judge of the United States district court said a few months ago that one of the chief concerns of any city was the conservation of its womanhood, and that he considered the Young Women's Christian Association the most effective agency existing for that purpose.

The Greensboro Y. W. C. A. does not claim to be one of the largest of the 200 city associations in the United States, but it does profess, in proportion to its equipment, to be fulfilling as well as any other organization its purpose, which is the physical, intellectual, social and spiritual development of all young women.

The following paragraphs will show how the local association is meeting the needs of the young women of Greensboro:

1. For our business women: Night classes offer opportunities for increased efficiency. The "noon rest" is a boon to young women who carry their lunches with them down town. One stenographer said, "To me this place is a haven of rest. I don't know how I should get through the busy day if it were not for my daily noon-day nap at the Y. W. C. A. rooms."

2. For our young women in the industries: The young women in one factory have asked that a club be organized among them to be affiliated with the association, for the purpose of carrying out the various lines of association work in the factory.

3. For our hotel waitresses: Several of the waitresses in our hotels are taking piano lessons which were arranged for through the association at a special rate. The gymnasium is thrown open to these young women for recreation during their leisure hours. More than one has said, "I never had more fun in my life than I've had at the Y. W. C. A."

4. For our women of leisure and society women: The association offers large opportunity for development through unselfish service of others. One young woman said, "To me the association means a place where I can really do some good."

5. For our trained nurses, most of whom are away from their homes, the association offers the use of reading room and parlor, and an opportunity to meet the women of the city in other than a professional relation. The Nurses' Association has offered to cooperate with the Y. W. C. A. in cases of need.

6. To the teachers in our city schools, the association gives the same opportunity for becoming acquainted with the young women of the city. The city teachers were on one occasion, the guests of the Y. W. C. A. Social Study club at an afternoon reception.

7. For the women from the country, the association offers the only suitable waiting place when in the city for a day's shopping. Many country women have expressed their appreciation of the delightful reading and rest room which has made comfortable and pleasant the hours formerly spent on the street corners.

8. For the little girls, there is the junior gymnasium class, the monthly story hour, and, through the summer a delightful nature study club.

9. For young women coming as strangers to Greensboro, the association maintains a directory of boarding houses suitable for women and many have been thus helped.

10. For women who are travelling: The Social Study Club maintains a crib in the women's waiting room at the station where weary mothers may place their sick or restless babies. Many women passing through the city spend their waiting hours in the Y. W. C. A. reading room. Also the association maintains a directory of associations

in other cities which is useful to women travelling alone.

11. For all young women there are the pleasant Sunday afternoons, with informal talks, music and social intercourse. Also the social affairs of the association have proven original and delightful.

12. During the annual Central Carolina Fair, the association maintains a comfortable rest room for women in the main building at the fair ground.

13. In November and December the association conducted a campaign for early Christmas shopping which perceptibly lightened the burden of the "Christmas rush" for the saleswomen in our stores.

Co-operation is the keynote of the entire organization, and through co-operation with every other agency which touches the lives of young women for good, the Young Women's Christian Association is becoming a real force in the life of the city.

AN HOUR WITH WAGNER.

Euterpe Club Held Delightful and Inspiring Meeting Yesterday.

Yesterday afternoon Mrs. Chas. Van Noppen entertained the Euterpe club at her home on West Gaston street; and not only is she a charming and delightful hostess, but it is no platitude to say that she is a woman of culture and sincere warmth of heart, eager to make others happy and to be of genuine service to all who are so fortunate as to come under her influence.

The musical numbers that are at present being studied are from the works of Wagner, and considering their depth of expression and their very difficult technical passages, the members are acquitting themselves with much credit to both themselves and the club.

Miss Florence Pannill served as interpreter and reader for the evening, and her wide and ready fund of information on the operas Tanhauser, Tristan and Isolde, "The Flying Dutchman," and the Meistersinger struck everyone present with a feeling of admiration, if not, indeed, a degree of wonderment.

The Overture, from "Tanhauser," was played by Mrs. J. Norman Wills and Miss Phyllis Woodall; and a transcription of "The Spinning Song," by Franz Liszt, from the "Flying Dutchman," by Mrs. Van Noppen. When it is considered that in order to attain perfection in the rendition of such difficult music as that of Wagner, one must devote years of unremitting practice on the piano-forte, it would be entirely withing the truth to say that Mesdames Van Noppen and Wills and Miss Woodall acquitted themselves at the piano not only in a creditable manner, but that they exhibited in no mediocre degree both taste and skill in the performance of their parts.

Mr. Peele, while not at his best, rendered "Walthers' Preislied," from "The Meistersinger," in fairly creditable style.

CRIMINAL COURT BEGINS TOMORROW

The regular February term of Guilford criminal court begins tomorrow morning, Judge Daniels presiding. The term is for one week and there are at present 62 cases docketed for trial. Four of the cases are against defendants charged with murder. However, it is hardly probable that special venues will be summoned for each of the murder cases.

The first work of the court will be the selection of the grand jury, followed by the charge of the court. Solicitor Gattis has already investigated the murder cases and will likely have the indictments ready for the grand jury to pass upon as soon as the charge is completed. There are about twenty jail cases, the majority being of little importance.

WAREHOUSE FOR FARMERS' UNION

Will be Used For Storage Purposes.

Members of Union Yesterday Decided To Establish Co-operative Warehouse and Purchase Fertilizers and Farm Machinery in Bulk—Directors Named.—Enthusiastic Address by State President H. Q. Alexander.

At a largely attended and enthusiastic meeting of the Guilford County Farmers' Union held in the court house yesterday it was unanimously decided to establish a co-operative warehouse in the county, this to be located in Greensboro.

The following warehouse directors were appointed, these to have full charge of the establishment: T. D. Hardin, R. W. H. Stone, C. T. Weatherly, W. H. Williams, J. W. Wharton, G. W. Dawson, Thomas Wakefield, Howard Cannon and J. C. Rockett.

The directors met after the meeting adjourned and closed a contract for a warehouse. It was decided to rent the Townsend building on Lewis street, this being the most convenient location available. The directors will meet on Wednesday morning at 10:30 o'clock at the courthouse for the purpose of electing a suitable person to have charge of the warehouse.

The warehouse is to be used for storage purposes, the union to purchase through the state business agent all fertilizers and machinery needed by the members of the union and store it away to be distributed as needed among the members of the union. By purchasing the fertilizer and machinery in bulk it is believed that the farmers who take advantage of this method of purchasing the above articles will save considerably more than the cost of maintaining the warehouse. This plan has been tried in other places and proved to be a financial success.

The meeting yesterday morning was attended by nearly two hundred of the more prominent farmers of the county. Dr. H. Q. Alexander, of Charlotte, president of the State Union, was present and he made an enthusiastic talk on the value of co-operative warehouses, through which the farmers get their supplies in bulk, saving the middleman's profit. He dwelt especially on the necessity for co-operation if the organization was to be of benefit to the members. Dr. Alexander also spoke of the manner in which farmers were coming to the front by giving more attention to the preparation of the soil, the selection of seed and the cultivation of crops. To be a successful farmer, he said, one must continually improve his land and he must haul more to town than he hauls away.

Following Dr. Alexander's address a number of short, but enthusiastic talks were made by members of the local union, all declaring themselves heartily in favor of the proposed warehouse for Guilford county. It was decided to have a warehouse and when the afternoon session began the work of electing the directors named above was commenced.

The farmers of the county are becoming more and more enthusiastic in their work of forming a strong union for the county and a large majority of the farmers are enrolled as members. Already the benefits received have been quite noticeable and it is believed as the spirit of co-operation becomes more pronounced the benefits will be larger.

TRAVELING MEN MUST BE WELL TAKEN CARE OF

Meet Here From Two States In June and It Will Be Up to Greensboro To Make a Good Impression On Them.

The United Commercial Travelers of North and South Carolina will meet in this city June 2 and 3. Referring to this meeting a well known citizen says: "This meeting of the travelling men will be a great opportunity for Greensboro to ingratiate herself into the good will of the travelling men. There will be in attendance at this meeting 1500 or 2000 travelling men who will sing the praises of Greensboro the balance of the year if they are given the time that has always been extended them in other cities, and no doubt the citizens of Greensboro will see to it that the U. C. T.'s will have the best entertainment ever accorded them."

COLONEL GREETED OLD FRIEND

Calls Major Vatman, Ex-Chaplain, "Corker" and "Trump."

Chicago Record-Herald.
As Mr. Roosevelt walked down the corridor of the Union League Club after his interview with the press men, he could be heard saying: "Send Father Vatmann up to my room at once. I must see him." Just at this moment Major E. J. Vatmann, retiring chaplain of the United States army, stepped up, and the meeting between him and the ex-President was most cordial. The hearty shaking of hands was not enough for Colonel Roosevelt, who expressed to the major his affection by the following:

"Dear Father Vatmann, you are a corker. I'm so glad to see you. There is not a truer United States citizen. You are surely a trump. I want you to send me word soon that you are coming East to lunch with us at the Outlook. You must meet Lyman Abbott. He's great. Do you know Father Curran? He's a trump, like you. You will enjoy meeting him."

Father Vatmann introduced Miss Elizabeth Casey, teacher of Spanish in the New Trier High School, to Colonel Roosevelt.

FAREWELL TO TERRY.

Distinguished Actress the Guest of Honor at Hotel Astor.

New York Times.

Seven hundred friends and admirers of Ellen Terry, the English actress, men and women well known in the dramatic, literary and art life of the city, gave her a farewell dinner at the Hotel Astor last night. The dinner was held in the north ballroom of the hotel. It was banked with flowers, a tribute to Miss Terry, who, when asked by a committee what kind of testimonial affection she most desired, replied:

"Just give me flowers. I love them, and I will appreciate them more than anything else."

The speakers were Miss Terry, Joseph H. Choate, Charles Rann Kennedy, Kate Douglas Wiggin, Josephine Preston Peabody, William A. Purrington and Norman A. Hapgood. Hamilton Wright Mabie was toastmaster. The speakers proclaimed Miss Terry as the leading English actress of her day and

complimented her on the work done for the uplift of the English-speaking stage. Several referred to the days when she worked side by side with Sir Henry Irving and Miss Terry made a touching reference to her dead comrade. She said she found his name and work still remembered and appreciated all over the country.

A Handsome Hair Dressing
Model and Instructions Furnished by RICHARD BINDER,
of Philadelphia, Pennsylvania.

Style D. (See Note) Coiffure "A La Greque" is as the name indicates a style taken from the Greeks. The hair is loosely waved all around. Part off a small portion of the hair at the crown and tie. This gives a foundation to which to pin. That part of the hair used for pompadour is gathered back very softly and loosely and fastened to the crown. Proceed with the sides and back in the same manner using care not to draw the hair line too tightly. All the ends of the hair are used for coil.

This coil is fashioned in soft rope like twists, giving charming simplicity to the do-up which is so essential to an artistic head dress. Coiffure "A La Greque" is executed without the aid of false hair or rats.

Newbro's Herpicide

Eradicates Dandruff and Makes the Hair Beautiful.

To produce the prettiest and most artistic effects in hairdressing the hair should be kept clean, light and fluffy by an intelligent use of Newbro's Herpicide. Hair that is uneven, dull, brittle, dead and full of dandruff, no matter how elaborately dressed, cannot be made attractive. The hair and scalp must be kept clean and free from dandruff, then the hair grows naturally, is bright, pretty and luxuriant. It ceases to come out where before one sweep of the brush brought out a handful. Newbro's Herpicide used regularly brings about this much desired change. It is a most delightful hair dressing and has an exquisite odor, which is distinctive and refined. The preparation is not greasy, neither does it stain or dye. Herpicide stops itching of the scalp almost instantly. Don't waste time and money on remedies which have adopted the claims that have been made for Newbro's Herpicide. Demand genuine Herpicide, the Original Dandruff Germ Destroyer.

ALAMANCE CHURCH.
(Written by the Late Rev. W. F. Thom While a Theological Student.)
Behold, how glorious, and how grand
This sacred place appears
And may these stately oaks so stand
Through many coming years.

Amidst these lofty forest trees,
Our fathers oft have met,
And mingled music with the breeze,
While 'neath their boughs they sat.

And oft, indeed, their ears have heard
The gospel's joyful sound
From lips, now mute, though still revered
Are mouldering in the ground.

What crowds have met to worship here,
And pay their solemn vows
On Sabbath days both bright and clear
Beneath these shady boughs.

Yon winding stream still flowing through
Its channel, just the same
As when in days long past, to you,
Old Alamance it gave the name.

What cherished friends, within that wall,
Are crumbling into dust
Their tombs say quietly to all,
Prepare, for die you must.

Our friends, in peace are resting here,
Our fathers and our brothers,
And some have sisters sleeping near
The graves of loving mothers.

Oh, let them gently sleep, though dear
Don't call them from their rest
To this sad world of toil and fear
Where troubles heave the breast.

(Lines Written by Rev. D. C. Rankin About the Year 1869.)

Farewell, ye hills of Alamance,
A fond, a last adieu,
Each lingering gaze doth but enhance
The fondness of the view.

Ye know my childhood's happy years,
The joy each pleasure gave;
Ye saw my boyhood's burning tears
Beside my mother's grave.

Ye knew my rambles many a day
To view some favorite scene;
Or saw me turn the new mown hay
Upon the meadows green.

Full well ye knew each joyous dream
That gilded boyhood's hours,
Ye saw my steps by many a stream
Where grew the fair wild flowers.

Among you dwell the warmest hearts
That throb with love for mine;
And there beside my early home,
My name they still enshrine.

But now, ye hills of Alamance,
A fond, a last adieu,
Each lingering gaze doth but enhance
The fondness of the view.

Sam Maples Writes on the Recall.

Editor Telegram:
I noticed in your paper a few days ago some amendments to the city charter. The amendment section 2, of section 52, which has reference to the recall of the elective officers would exclude, if so amended, the municipal court judge.

Now we might ask why we have the provision of recall of any officer by the people. Is it not to make these officers more diligent and attentive to justice, truth and duty and more efficient? If it is a good and proper thing for the commissioners why is it not a good thing for a judge? Or will the word judge make him infallible?

And then to place the principal officer out of reach of the people is inconsistent with this section of the city charter.

We have only to call attention to the bulwarks of some judges higher up behind whom the corporations have entrenched themselves.

If we are to give the principles set forth in this section of the charter a fair trial, do it without change. And not make a loop hole for what good there may be in it to escape. Judges are but men and the temptation to turn from justice and truth, usually comes to them ten fold greater than to ordinary citizens.

Yours for the best government to be had for all the people, and for special privileges to none, not even to the judge.

SAM MAPLES.

"One year for pistol-toters," said Judge Motter, in sentencing an offender at Frederick. And the State arises to exclaim "That is a pretty good Motter."—Baltimore Evening Sun.

If all the states would enact a "motter" like that into law, there would be considerably fewer murder and manslaughter cases to be disposed of and there would be much less of anguish and remorse in the country.

A vote taken in the Legislature of Manitoba shows that the majority of the members do not favor the reciprocity measure, on the grounds that it will injure the farming interests and endanger British connections. It was thought for a while that the farmers in this country were averse to the bill, but later developments show that they have lately seen some very powerful friends among the bankers, brokers, and trust magnates of Wall street, who have risen to fight their battles for them, when, in truth, the farmers are not, as a class, even thinking of war against the treaty. It is likely that the Legislature of Manitoba is being influenced by reports from a like source, unless they may be adding the excuse by way of a pacificatory accompaniment to their published alarm growing out of the annexation talk.

VALOR.

On Friday evening at 11:30 o'clock Joe Whitlow, volunteer fireman, of Winston-Salem, was crushed lifeless by a falling wall, while at his post of duty bravely, and without a thought of the safety of his own life, fighting the flames of a stubborn fire in that city. He had been warned to take no further risk of his life, but fought on bravely, stoically, until, in the twinkling of an eye, his life was crushed out, his home saddened beyond human consolation by the courier of death, and the city left destitute of a brave and manly citizen.

The ways of death are many and subtle, and there is always something in the death of the dutiful and their eager response to the call of danger that stirs the soul and makes the heart beat faster and with a peculiar warmth, not only for themselves, but for others of their craft.

MUSICAL GREENSBORO.

Musical Greensboro is peculiarly happy these days in having such a galaxy of noted musical artists appear in its midst. In Frederick Martin America has at least one true and well-nigh perfect basso. Others there are to be heard who possess voices of greater carrying quality and perhaps more dramatic color and vivacity, but for purity of tone, splendid technique, and a voice without the least tendency to a baritone quality, Mr. Martin is perhaps preeminent, at least in this country. Much might be said in praise of the other excellent artists that appeared in the Metropolitan Concert ensemble, but the work and ability of these worthy vocalists is too varied and extended for the space allotted here.

On Tuesday evening we shall have an opportunity to hear the greatest living female performer on the violin, Maud Powell. Indeed, it is held by competent critics that she is surpassed by only two male violinists in the world.

There is no better way to judge the character and cultural attainments of any particular community than by the class of music preferred by the people composing it, together with their appreciation of melody beyond that which is mediocre, commonplace, and harsh. And if one is to take the size of Greensboro's audiences at these classical concerts as an evidence of appreciation for the noble and refining art of music, then Greensboro is, indeed, a music-lov-

ing city and a goodly city, though there are yet a few vacant seats that should be taken.

CORRUPTION IN HIGH PLACES.

Mr. Lorimer, who spoke for four hours in the Senate, on Washington's birthday, in defence of his alleged right to represent the State of Illinois, declared on his word "as a man and as a Senator," that he "had no knowledge, even in a remote degree, that bribery or corruption was practiced to secure a seat" for him "in the Senate."

When one reads the statements quoted, and in the light of facts published to the world, one cannot retain much confidence in the gentleman's integrity, and very little respect for him "as a man and as a Senator."

On May 28 Senator Holslow, Illinois Senate, confessed that he had received \$2,500 for his vote for Lorimer. On May 4, Representative Charles White, Illinois legislature, confessed to having received \$1,000 for his vote. On May 10 Senator John Broderick, of Chicago, refused to testify, on the ground that his testimony might incriminate him. These are not all, but they are given to show that a long time has elapsed for Mr. Lorimer not to have found out that members of the Illinois General Assembly have been guilty of accepting large amounts of money as bribes on his behalf. The fact is, Mr. Lorimer does know it just as well as the intelligent reading public knows it, whether he is personally guilty of a part in the nefarious business, or not.

One does not know what manner of men there are in the United States Senate who would allow such a man as Lorimer to play upon their emotions and obfuscate their mental vision with statements so plainly and diametrically opposed to existing facts. But Lorimer is on the ground. If he had been elsewhere when the debate was in progress, it is probable that not a single member, after hearing the facts, would have favored his presence in the Senate.

Work on Auxiliary Plant.

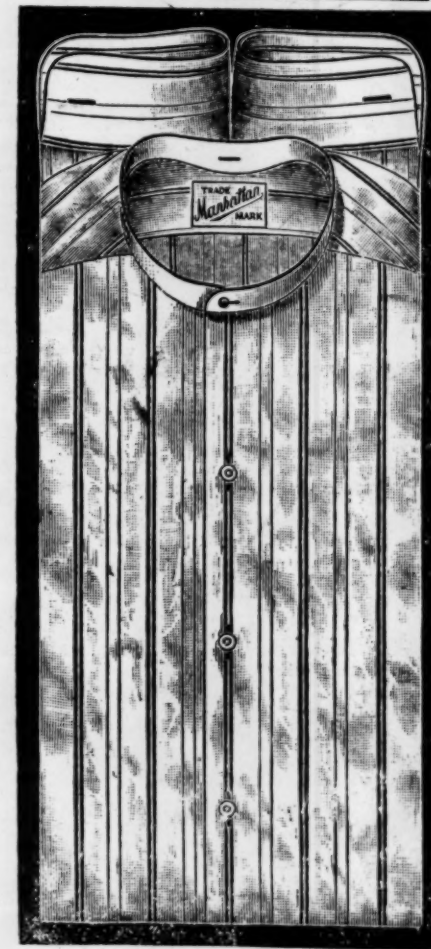

Considerable progress is being made on the auxiliary steam plant of the Southern Power Company, near the substation. The mammoth smokestack, which stands 230 feet in the air above the foundation, has been completed and the work of laying the cement foundation for the building is about completed. The boilers are now on the ground and the work of placing them will begin at the earliest moment possible. The plant will cost \$20,000, exclusive of the machinery, etc., and will be gotten ready for use as soon as possible. When completed the company will be prepared to furnish current within a few hours should the water plant on the Catawba get out of commission.

Negro Woman Snatches Purse Containing Over \$200 From Charlotte Man—Caught in Greensboro.

Policeman McCall, of Charlotte, was here yesterday afternoon after Eunice Perry, a colored woman, of that city, who is wanted on the charge of stealing a purse containing \$137 in cash and a check for \$100 from a white man by the name of W. C. Abernathy. When arrested the negro woman had a ticket to Richmond and \$130.15 in her possession. The check she had thrown away with the pocketbook, stating that she did not know it was of any account.

It seems that the woman snatched the purse late Friday night and boarded the first train for Richmond. The Greensboro police were asked to arrest her and when No. 8 pulled in Policeman McCuiston was on hand. He at once recognized the woman and took her into custody. On searching the woman \$125 was found in the lining of her muff, while \$5.15 was carefully stowed away in the leg of her stocking. She admitted getting the money from the Charlotte man, but gave a different story as to how she obtained the money.

FIRE DESTROYS R. R. TRESTLE

Norfolk & Southern Will Have to Transfer Passengers and Mail At Neuse River In Consequence.

Raleigh, Feb. 25.—Early this morning the wooden trestle work leading up to the iron bridge across the Neuse river near Raleigh on the Norfolk & Southern railroad was burned making it necessary for the next several days for the passenger trains to transfer mail and passengers at this point. There was about sixty feet of trestle work burned out and there is no indication as to just how the fire started. The blaze was well under way before it was discovered. A splendid train carrying a number of the local officials of the railroad and a squad of fire fighters went out from Raleigh early this morning and the work of repairs is already under way.

In Wake Superior court an award of \$8,000 damages has been made to James Holder, administrator of Jno. Hodge against the Norfolk & Southern Railroad Co., Hodge having died from injuries received in a wreck near Raleigh a year ago when a yard engine was out on the mainline without orders and wrecked the incoming passenger train. Hodge was the passenger train fireman and was pinned in his cab for a long while in a most horrible manner.

MAUD POWELL TUESDAY NIGHT

World's Most Noted Woman Violinist To Give Recital Here.

The coming of Maud Powell, America's foremost violinist, and the world's greatest woman violinist, is an event in Greensboro's musical life. The question may be asked "How is it, if Maud Powell is such a great artist, that she plays in small towns and cities?" The answer is that Miss Powell is a true artist and loves her art for its own sake, hence she plays wherever an appreciation of her work is shown. She has appeared in concerts in all the principal cities of this country, and Europe, and has won enthusiastic applause everywhere.

The violin is an instrument of whose musical possibilities one cannot know until one hears an artist like Maud Powell, whose mastery over the instrument is so complete that it responds to her every demand. Miss Powell will appear at the West Market Street church annex on Tuesday evening, Feb. 28th. Tickets will be placed on sale at the Sykes Drug Co., next to postoffice, on Monday morning.

Following is the program which Miss Powell will play, assisted by Mr. Waldemar Liachowski, the Russian pianist:

1. Lalo—Spanish Symphony, Op. 21. (In three Movements) I. Allegro non Troppo; II. Andante; III. Rondo: Allegro.
2. Beethoven—Theme and variations from the "Kreutzer Sonata." (Duo: Madame Powell and Mr. Liachowski).
3. Massenet, Meditation from "Thais"; Brahms—Joachim, Hungarian Dance, A major; Schubert, The Bee; Sarasate, Spanish Dance.
4. Chopin, Prelude; Grieg, Wedding Music. (Piano Solos).
5. Wieniawski—Russian Airs.

Bringing Her Round.

Bingo (tiptoeing into his wife's room, in a whisper)—I've brought three friends home to dinner unexpectedly. Mrs. Bingo (aghast)—What!

Bingo—Yes, I have. They're down stairs. Mrs. Bingo—You wretch!

Bingo—Now, my dear, I couldn't get out of it.

Mrs. Bingo (haughtily)—Then you'll have to take the consequences.

Bingo—But—

Mrs. Bingo—You'll have to put up with practically nothing.

Bingo—That's what I told them.

Mrs. Bingo—You did?

Bingo—Yes. I told them that they needn't expect a single thing; that we'd scrape round in the kitchen if necessary and pick up whatever we could and that, as I hadn't let you know, that was the best we could do.

Mrs. Bingo—What did you tell them that for?

Bingo—It's the truth, isn't it?

Mrs. Bingo—Certainly not. As if it makes any difference to me how many friends you bring home! I'll show you!—London Tit-Bits.

Little Known Republics.

Within the domain of the United States on the North American continent there have been divers independent republics, says Mary W. Hazeltine in Harper's Magazine, the very name of three of which is known to but a few. How many Americans of today have heard, for example, of the commonwealth of Watauga, which in 1772 was organized as an independent community by North Carolinians who had crossed the Alleghenies and, descending into the basin of the Tennessee, had made themselves homes in the valley of the Watauga river? How many remember the commonwealth of Transylvania, which was organized in the eastern part of what is now Kentucky in 1775 and which sent to the Continental congress a delegate, who, however, was not admitted? How many have heard of the short lived state of Franklin, or Frankland, which at a somewhat later period was self created out of certain western counties of North Carolina?

A Remarkable Concert.

A Carlisle letter calls attention to a remarkable concert which took place at the Spa on Aug. 6, 1812, a program of which is still preserved in the city archives at that place. The entertainment was given for the benefit of the sufferers by the fire which had laid waste Baden and took place at the Saechsischer Saal. The only performers were Beethoven and Polledro, who played their own compositions. There were two pianoforte and two violin solos and several numbers in which both took part, says the writer. The account of the entertainment also mentions the fact that one of the interested listeners was a "tall, elderly man, wearing a great blue coat, who sat perfectly erect throughout the performance, never looking anywhere but at the stage. This was Goethe." The amount realized for the fund was about \$200. The letter ends with "Beethoven at the piano for charity and box receipts \$200."

Corinthian Masons.

There will be a regular communication of Corinthian Lodge, No. 542, A. F. and A. M., Monday evening, Feb. 27, at 7:30 o'clock. Work will be in the first degree. All members are urged to be present. A cordial welcome is extended to visitors. B. H. Taylor, Secretary.

Greensboro Commercial School

The change which the application of business principles to industry has brought about in the last few years, has been like the substitution of machine work for hand labor. It is not a mere theory, but plain records show it to be true. This is an opportune time for you to become interested in the above named principles and make life more attractive by their use. In our school we teach you what you need—what you must have in business.

Is it the High Cost of Living or the Cost of High Living Which Keeps You Hard Up?

This is a question which is of vital importance to you---man or woman. A higher civilization has brought with it increased needs, but our increased earning power has put the things necessary to our comfort and well being within easy reach of us. Then why all of this talk about the high cost of living? Then why do men who earn three times as much as their fathers ever earned find it hard to live within their means? High living---absurd and unnecessary expenditures. This is the answer and there is no denying the correctness of this conclusion.

The "Average Man's" Money and What He Does With It.

We are not interested in what the millionaire does with his money. If he wants to go to his place of business in an airship, although it would be more pleasant, healthier and safer to walk, we are willing for him to have his airship, but the "Average man," the man with an average income, has needs for his money, and we want to see him get his money's worth. But does he? Does he get full value for the money expended on himself and family? Let's consider for example the "Average man"---the head of a family of six with an income---say \$3,000 a year. What are his expenses?

His Shoe Bill for Himself and Family is \$77.50 Did He Get His Money's Worth? If Not, Why Not?

His shoes, three pairs, cost him \$18.00, his wife buys three pairs at a cost of \$12.00, his grown up daughter, who is not extravagant, buys four pairs of shoes and slippers for \$20.00, while his son of fourteen makes out with three pairs, which cost father \$10.50, a daughter of twelve is satisfied with three pairs of \$3.00 shoes, and the baby of six kicks out four pairs, which adds \$8.00 to the cost of living, making a grand total of \$77.50 for shoes for the "Average Man's" family for one year.

First of all he probably bought on credit, and had to pay for the shoes bought by the fellow who has an income of \$2,000 a year and spends \$3,000. He paid more than was necessary, because he has the "high living fever," and thinks that a \$6.00 shoe is better than a \$4.00 shoe because it costs more---it costs him more. It is not the high cost of living, but the cost of high living which keeps his nose to the grindstone. The foolish and unnecessary expenditure of money has caused all the trouble.

We Will Underwrite the "Average Man's" Shoe Bill at a Saving of 50 Per Cent

How can we do it? Because we buy and sell for cash, because we buy direct from the largest manufacturers in the South a line of shoes which actually represent more value and wear longer than other shoes. We will sell Mr. "Average Man" a pair of shoes for himself, the "Terry Special," for \$4.00 and guarantee that it is the equal of any \$6.00 shoe he has ever bought in style, comfort, workmanship and service. This is a broad statement, is it?---Well you can get this guarantee in black and white if you want it.

The "Average Man's" Wife Should Know Better

Why should the "Average Man's" wife pay \$4.00 for her shoes and let her daughter pay \$5.00, her son \$3.50, the younger girl \$3.00, and then spend \$8.00 for shoes for the baby when we can sell her for herself and daughter shoes at \$3.00 and \$3.50 per pair, guaranteed to be the equal in style, snap, workmanship and wear to the shoes she has been buying at \$4.00 and \$5.00 a pair elsewhere. We have a line of boys' shoes made by the Goodyear Welt process of the best materials which we sell for \$2.50 a pair. Why should she pay \$3.50? Why should the little girl be called on to pay \$3.00 a pair and the baby \$2.00 a pair when we sell misses' shoes with the style, comfort and wear in them for \$2.00, and children's shoes at from \$1.00 to \$1.50 a pair.

Mrs. "Average Woman" This is Your Chance to Help Your Husband. Ladies Are Better Shoppers Than Men Because They Are Better Judges of Values

Do you want to spend all of his income on your living? Do you want to have him mortgage your home to keep up appearances? Do you want him to fail in business because of your reckless expenditures? Or do you want to help him by buying where you can get the most for his money?

Every sensible woman likes to get her money's worth, and as the ladies do more shopping than men, they are better posted, and it is for this reason that our prices and the unusual values which we are giving appeal especially to the ladies. There are a few ladies who buy the most expensive articles in all lines, because they think price indicates quality, but the "AVERAGE WOMAN," the woman of intelligence knows values, and will buy a meritorious article at a bargain price quicker than she will buy it at a higher price, and it is for this reason that we want the ladies of this city to call and see us and examine our shoes and prices.

We want the "Average Man's" money and the "Average Woman's" money, and we will give them more for their money than they can get elsewhere, and we hope that you are all of the "show me" kind, and will come in and give us a chance to prove that we can save the "Average Man" and his family \$25.00 on a year's supply of shoes---nearly 50 per cent.

WILL UNITE SUGAR FAMILIES.

Horace Havemeyer and Miss Anna Dick to Marry.

New York World.
Horace Havemeyer, son of the late Henry O. Havemeyer, and Miss Doris Anna Dick, daughter of J. Henry Dick, called at the city hall yesterday and obtained a marriage license. Their wedding is set for February 28, in the Church of the Incarnation. This marriage will unite four families, all prominent in the sugar industry. Mr. Havemeyer's mother was Miss Louise Waldron Elder; Miss Dick's mother was Miss Julia Theodora Mollenhauer, of Brooklyn.

Mr. Havemeyer was born in this city in 1886 and in 1903 became associated with the firm of Havemeyer & Elder. On the death of his father, in 1907, he was elected to fill the latter's place on the board of directors of the American Sugar Refining Company, which he held until last January, when he resigned. He is now vice-president and director in the Eastern Terminal of Brooklyn, vice-president and director of the Brooklyn Elevator and Milling Company, a director in the Cuban-American Sugar Company and the Trinidad Sugar Company.

ROOSEVELT A SUFFRAGIST.

Tells Chicago Audience He Believes Women Should Have the Ballot.

Chicago Cor. N. Y. Times.
In his address at the First Regiment Armory yesterday, which was designed primarily as a word of counsel for the foreign-born citizens of Chicago, Col. Theodore Roosevelt took occasion incidentally to announce himself as an advocate of woman suffrage. This, perhaps, was in compliment to Miss Addams, who sat beside him on the rostrum, but the language the Colonel used was unequivocal.

"Primarily," he declared, "I am in favor of giving the franchise to all citizens, irrespective of sex."

Colonel Roosevelt started today for New York over the Lake Shore and Michigan Southern railroad.

An optimist is a man who can hear a photographer tell him to look pleasant without feeling tempted to throw things.

YOUNG QUAKER'S RISE

Poor 36 Years Ago, Now Standard Oil Director.

New York American.
Thirty-six years ago a young railroader changed occupations and was put in charge of a small oil distributing station in a town in Iowa. Yesterday the young man of 1875 stepped into the highest councils of the Standard Oil Company.

The man is L. J. Drake. Yesterday he was elected a director of the Standard Oil Company of New York, following his election several weeks ago as a director of the powerful parent company, the Standard Oil Company of New Jersey, vice H. M. Tilford, deceased.

Mr. Drake established his little Iowa station and sold oil to the countryside. The shrewd founders of the company saw that he was efficient and they told him to establish more stations and run them. He was made a district superintendent, then State superintendent, and finally they gave him several States.

His next step was Western manager, and in 1902 he was told to come to New York. Since that time he has been moving "up stairs." Now he is on the top floor, wealthy and powerful.

Caruso Signs to Sing at \$3,125 A Performance.

Vienna Cable Dispatch.
A remarkable contract has been signed by Caruso for three performances at the Imperial Opera for \$3,125 for each, an increase of \$825 since his last appearance here. The management makes a special concession, not obtainable by any other singer. One clause permits Caruso to smoke before the rise of the curtain, although smoking is prohibited everywhere in the house. A fireman is told off to stand behind the tenor and throw his cigarette butt into a basin of water.

His Reason For It.

Wife—I can't see why, because a woman marries a man, she should take his name.

Husband—I quite agree with you. I think that the poor chap ought to have something which he can call his own.—Illustrated Bits.

RESOLUTIONS OF SYMPATHY.

Adopted by Keystone Council, No. 81, Junior Order United American Mechanics.

The following resolutions were adopted by Keystone Council, No. 81, Jr. O. U. A. M.

Whereas: Almighty God, the great Architect of the Universe, the Giver of all great gifts and graces, and our only refuge in time of trouble; has, in his infinite wisdom deemed it expedient to take from the home of our comrade, Brother Murphy Washington Noah, his beloved wife and life partner, and removed her from this world of suffering to that land of heavenly bliss. Now, therefore be it

Resolved: That we the members of Keystone Council in regular session do hereby extend to Brother Noah our deepest sympathy and commend him to the care of Him who does nothing except for some good purpose.

Resolved further that the sympathy of this council be extended to the son, Brother, Z. E. Noah, and all the other members of the family.

Resolved further that a copy of these resolutions be published in the local papers, a copy forwarded to the family and copy spread upon the minutes.

NEWSOMS ON TRIAL.

Before Judge Eure Yesterday on Charge of Affray With Deadly Weapon—Judgment Reserved.

Alfred Newsom and William Newsom, the Burlington men who got into a difficulty some weeks ago with George Brooks, colored, were given a hearing in Municipal court yesterday morning on the charge of engaging in an affray in which a deadly weapon was used. Alfred Newsom was found guilty, while the case was dismissed as to William Newsom. Judge Eure reserved his decision until Monday, placing Alfred Newsom under a bond of \$250 for his appearance in court Monday.

George Brooks was also charged with being a party in the affray, in which he was severely wounded, but he is still unable to get out. The evidence introduced yesterday tended to show that he will be a cripple for life, the ball from Newsom's revolver lodging in the thigh. However, the defense put on evidence to show that Brooks was partially responsible for the shooting.

Jesse Vickers was charged with stealing a pistol from Roxie Burnham, but a nol pros was taken.

THIEVES AT WORK.

Unknown Persons Entered Store of A. Horwitz Friday Night—Suits Missing.

Some time Friday night unknown persons entered the store of A. Horwitz, East Washington street, and took about 20 suits of clothes, several watches, articles of jewelry and other merchandise. Entrance was effected by breaking the glass in a front window.

This makes the fourth time Mr. Horwitz's store has been entered this year and he feels, he says, that the thieves of the city have a spite against him, or that they value his goods more than they do the goods carried by other merchants.

Evangelistic Services in Many Churches This Morning and Tonight.

Evangelistic services will be held today in all the churches represented in the Greensboro Ministerial Association. Similar services will be held tonight. The churches are holding these services preliminary to a great revival which, it is hoped, will be realized in the spring.

You can't say of the Armless Wonder of museum fame that he leads a hand-to-mouth existence.
